

GeForce® 6100-Value

ZOTAC
It's Time to Play

SKU: GF6100-F-E

Experience the power of NVIDIA's CineFX 3.0 graphics engine with support for DirectX 9 and Shader Model 3.0 from the ZOTAC GeForce 6100-Value. The integrated GeForce 6100 graphics processor with Intellisample 3.0 technology delivers high quality anti-aliasing for jaggie-free and realistic graphics.

The ZOTAC GeForce 6100-Value supports AMD Socket AM2 processors with DDR2-800 memory technology for compatibility with single and dual-core AMD Athlon and Sempron processors. Additionally, the ZOTAC GeForce 6100-Value features high-definition audio, PCI Express and SATA 3.0 Gbps technologies.

Specifications

- NVIDIA® GeForce® 6100 graphics processor
- NVIDIA® nForce® 430 MCP
- DirectX® 9 with Shader Model 3.0
- Microsoft® Windows® 7/Vista Premium ready

Processor compatibility

- AMD® Socket AM3/AM2+ CPU
- AMD® Athlon™, Athlon™ II
- AMD® Phenom™, Phenom™ II
- AMD® Sempron™
- Up to 65-watt TDP

Memory compatibility

- DDR3-1333
- 2 x 240 pin DIMM slots
- Up to 4GB ram

Expansion

- PCI Express x16
- 2 PCI

Dimensions

- MicroATX form factor

Rear port layout

Inside the box

- 2 SATA cables
- 1 I/O back plate

Features

- NVIDIA® PureVideo™ technology
- NVIDIA® MediaShield™ storage technology
- NVIDIA® ForceWare™ Platform software
- High-definition audio technology
- 10/100Mbps Ethernet
- Microsoft® Windows® 7 Premium ready

Storage support

- 2 SATA 3.0 Gb/s
- RAID 0, 1
- 1 IDE

Connectors

- 8 USB ports (4 on back panel, 4 via pin header)
- 1 HD Audio Port (Line-in, Line-out, Mic-in)
- 2 PS/2 keyboard/mouse ports
- RJ45 Ethernet jack (10/100)

Display outputs

- VGA
